Online Event for Parents and Caregivers

Parenting ADHD Children A Neuro-Affirming Approach

Build a deeper understanding of how the ADHD brain works. Explore how some aspects of ADHD can act as a strength in certain situations, and a challenge in others. This event is designed for parents of school-aged children.

Join FamilySmart and Mary Klovance live online for an evening to learn neurodiversity-affirming communication strategies to reduce power struggles and strengthen connection. Parents will leave with tools they can use immediately, greater compassion for their child's nervous system, and a clearer roadmap for supporting their child.

Mary Klovance is an award-winning counsellor, author, and founder of The Neurodiversity Family Centre. She has over 14 years of front-line experience as a school counsellor and working with youth facing complex challenges.
